

Bulk Container Express®

Macro 41" x 49" x 46" ComboPro 46-NS

The Macro ComboPro 46-NS bins are used for the food processing industry for their superior durability. The smooth, non-porous surfaces are easily sanitized and with its rounded corners debris will not get trapped. The lightweight construction reduces shipping costs and make Combo ProBins easy to move. Made from FDA-approved premium, injection molded plastic and certified safe for use with food products. These 950lb capacity ComboBin containers are built to provide years of service. The 41" x 49" footprint, 46" height containers are stackable, easy to clean, and are 100% recyclable. They have pallet jack and 4-way forklift access for secure and efficient handling. Tan color.

Bulk Container Express® warrants its containers for proper fit, form and function for a period of one year from date of shipment by Bulk Container Express. If within such period a container is proven to be defective in functionality from manufacturing defects, such product shall be repaired or replaced. This warranty does not include damage due to normal material handling methods (i.e. forklift damage etc). Customer is responsible for all freight charges.
