

Bulk Container Express®

Schaefer BulkStac 48" x 45" x 21" Fixed Wall Bulk Container

Schaefer SB4845-21 BulkStac bulk containers are medium-duty material handling containers that are engineered with fixed walls. Made from high-density polyethylene, these bulk containers have been innovatively designed with a flat deck which provides a more usable internal cube. BulkStac also provides stability with the periphery design of their runners, thus eliminating the need for a center foot. These 1,300lbs. capacity bulk containers come equipped with a solid base and four drainage holes. These 48" x 45" footprint and 21" height containers are built for stacking ease and maximization of truck volume. They have a pallet jack and 4-way forklift access for secure and efficient handling.

Dimensions		Capacity		Shipping		Features	
Exterior Height	20.68	Internal Volume ft ³	14.61	53' Trailer Load	130	Drop Doors	N/A
Exterior Width	45.00	Weight Capacity (lbs)	1300	53' Load Collapsed	N/A	Door Height	N/A

Interior Length	44.50	Floor Type	Solid	Weight (lbs)	82.50	Optional Lid	DG4548-L
Collapsed Height	N/A					Brand	Schaefer

Bulk Container Express® warrants its containers for proper fit, form and function for a period of one year from date of shipment by Bulk Container Express. If within such period a container is proven to be defective in functionality from manufacturing defects, such product shall be repaired or replaced. This warranty does not include damage due to normal material handling methods (i.e. forklift damage etc). Customer is responsible for all freight charges.
