

Buckhorn 40" x 48" Medium-Duty Container Lid

Buckhorn TS484002 lids are compatible with several medium-duty collapsible containers in the 40" x 48" footprint. Made from structural grade high density polyethylene these lids provide a durable and re-usable cover for bulk containers during transit or storage. The rugged, overhanging lip provides a secure fit while preventing accidental opening of the container's drop-doors. Raised surface provides additional stability when stacking compatible containers. Lids may be stacked and nested up to 25 pieces for compact storage.

Compatible Containers:

RPP Containers® warrants its containers for proper fit, form and function for a period of one year from date of shipment by RPP Containers. If within such period a container is proven to be defective in functionality from manufacturing defects, such product shall be repaired or replaced. This warranty does not include damage due to normal material handling methods (i.e. forklift damage etc). Customer is responsible for all freight charges.
